Wellchamp Capital Limited

Quantitative Developer Intern/Quantitative Analyst Intern
(6 to 12 Months Full-Time for Postgraduate Students)

If you want to gain hands-on work experience in the dynamic and exciting quantitative investment industry, this role is an ideal opportunity for you to get started.

Who we are:

We are a hedge fund with multi-strategies, and with multi-cultural and friendly working environment. We invest in global capital markets and are well established with twenty years of history. We are currently seeking a Quantitative Developer Intern / Quantitative Analyst Intern to join our front office Quantitative Portfolio Management Team for a period of 6 to 12 months in full time.

What your role will be:

You will be working for the front office Quantitative Portfolio Management Team to design, develop and improve quantitative portfolio management tools and research applications. You will be provided with on-the-job training, with the rare opportunity to gain practical work experience and play an integral role in a well-established Quantitative Portfolio Management Team.

Who you are:

- With strong programming background with proven development experiences of object-oriented programming (Python/C#/VB.net/C++/Java);
- Currently studying for a Ph.D. or Master degree, with current or past curriculum in computer science, computer engineering or related disciplines and with strong computer programming training;
  - Have strong mathematical / statistical skills;
  - Preferably have some development experiences with functional programming like R or Matlab;
  - A plus if have experiences in DBMS/SQL;
  - Able to independently work on IT development projects;
  - Highly intelligent, can maintain resilience under pressure and tight deadlines;
  - Have strong interest in finance (prior knowledge in finance is not required);
  - An excellent team player with good communication skills;
  - With good command of English;
  - Available to work for 4 or 5 days full-time per week during weekdays (Monday to Friday), with contract period of minimum 6 months;
Application method:

We are an equal opportunity employer. Please send the followings to careers_qa@wellchamp.net with the subject “Application for the Position of Quantitative Developer Intern / Quantitative Analyst Intern”:
