Crédit Agricole Corporate And Investment Bank

Crédit Agricole CIB is the Corporate and Investment Banking arm of the Crédit Agricole Group, the world’s n°9 largest bank by total assets (The Banker, July 2015). The Bank offers its clients a comprehensive range of products and services structured around six major divisions:

- Client Coverage & International Network
- Global Investment Banking
- Structured Finance
- Global Markets
- Debt Optimisation & Distribution
- International Trade & Transaction Banking

The Bank provides support to clients in large international markets through its network with a presence in major countries in Europe, America, Asia Pacific and the Middle East.

The Bank is continuously pursuing its effort in the fight against global warming. Since 1997 Credit Agricole CIB has been committed to finance renewable energy with the first wind farms, and has become a major player in this sector. In 2008 the Bank was among the first to finance solar energy projects and in 2015 was among the first banks in the world to decide to cease financing coal mining projects or companies linked to this sector, and coal fired power plants in high revenue countries.
