Job Description

iD Tech is hiring multiple instructors to teach courses in cutting-edge technology and inspire the next generation of tech innovators. You’ll mentor students ages 7-17 in a fun, dynamic learning environment. Each week, you will lead a class of 8 students in a subject like robotics, programming, or 3D printing. For any of our courses, we provide the curriculum – you bring your knowledge of tech and passion for teaching.

In addition to course instruction, your weeks will also include camp-wide activities, theme days, and teambuilding games with your 8 students. At the end of the week, your students will be bursting with pride to show their families the “Gold-Standard” projects they completed in your class. Parents will be amazed at the confidence you’ve inspired in their child and the high-quality projects completed in just one week!

For 7 years in a row, iD Tech has been named a Top Workplace in Silicon Valley by the Bay Area News Group. Our programs are located at 160 university and school locations in the USA and now Hong Kong! We have both day and overnight positions available.

Here are a few awesome side effects of a summer with iD Tech: -Kids thinking you are the coolest person they’ve ever met.

-Leadership and teaching experience added to your resume!
-Competitive compensation.
-Tech boost: Access to the curriculum for all 60+ courses we offer.
-Networking opportunities and internship credit (as applicable).
-Did we mention changing young lives through tech?

An iD Tech instructor:
-Is passionate about teaching technology to kids and teens.
-Loves to work hard AND play hard.
-Is a flexible team player with strong communication skills.
-Has a positive attitude and a sense of humor.
-Must hold or be able to obtain Pediatric & Adult CPR/First Aid/AED certifications in order to be eligible to work in this position.
-Will be at least 18 years old before their first day of work.

Skills & Requirements

Graduation Year : 2014 - 2020
Fields of Study : Computer & Information Sciences, Education, Engineering, Information System Management
Education Level (pursuing / obtained) : Master / Postgraduate Diploma, Bachelor, Higher Diploma / Associate Degree
Required Level of Work Experience : None
Qualified applicants must also demonstrate proficiency in one or more of the following areas:

- Programming in Java, Python, or C++.
- Robotics building and programming.
- Mobile App Development for iPhone, iPad & Android.
- Web Design and Digital Photography.
- Digital Video Editing.
- 2D or 3D Video Game Design.
- Game Modding.
- Character Modeling.

Preferred qualities:
- Teaching or tutoring experience.
- Camp experience.
- Customer service experience.
- Ideal candidates have completed 2+ years of college in a related field of study.

About Koding Kingdom (Hong Kong) Limited

Koding Kingdom has teamed up with iD Tech to bring America’s #1 summer technology camp to Hong Kong at The University of Hong Kong this summer!

iD Tech Camps is iD Tech’s flagship program for students ages 7-17. We offer courses in programming, video game design, robotics, virtual reality, 3D modeling/printing, filmmaking, photography, and more. These weeklong day and overnight summer camps include hands-on, personalized technology instruction and a variety of fun summer camp activities. iD Tech courses are led by tech-savvy staff in a dynamic, pressure-free learning environment. Our goal is to help our kids gain a love of learning through building critical 21st-century STEM skills, and have fun while doing it.
