ABSTRACT

The world environment is changing rapidly, and technologies are shaping a new phase of development for the smart city. How can Hong Kong seize the opportunity and achieve Smart City 5.0? How to create an ecosystem for our talents to unleash their full potential? Dr Winnie Tang will share her insights on how to use geospatial intelligence and the latest technologies to build a truly people-centred and sustainable smart city.

BIOGRAPHY

Dr. Winnie Tang, MH, JP, is an Adjunct Professor in the Department of Computer Science, Faculty of Engineering, Department of Geography, Faculty of Social Sciences and Faculty of Architecture at the University of Hong Kong (HKU). She is one of the local born IT entrepreneurs from Hong Kong. In the 1990s, Dr. Tang founded Esri China (Hong Kong) Limited to develop and promote Geographic Information System (GIS) software and solutions. She is also the Founder and Honorary President of Smart City Consortium. Over the years, she has been actively advocating the use of technology and sharing her views regarding the ICT industry, eHealth, environmental conservation, entrepreneurship and smart city through her services in government and non-government organizations in Hong Kong. In recognition of Dr Tang's work, she has been awarded the Honorary Fellow by Lingnan University in 2020, the Distinguished Alumni by the Faculty of Science, HKU in 2009, the Ten Outstanding Young Persons by Junior Chamber International Hong Kong in 2006, and the Women of Influence – Young Achiever of the Year Award by the American Chamber of Commerce in 2004 and the Ten Outstanding Young Digi Persons Selection in 2001.
